231

Firm : Hellhound Audio
Act. : Loudspeakers & amplification
Des. : J. Cortes
Year : 1974

The cube is kept; the painted depth is removed. Three flat faces, parted by a white seam, carry the two H's in true isometric. It prints in one colour, reverses cleanly and holds at twelve millimetres.

Cube — reductions, reversal and second colour

Act. : Loudspeakers & amplification
Des. : J. Cortes
Year : 1974

HH set in nine bands, after the cloth of a loudspeaker grille. The crossbars occupy the three middle bands. The band count is a rule, not an ornament: it survives embossing, silk-screen and enamel.

Grille — reductions, reversal and second colour

233

Firm : Hellhound Audio
Act. : Loudspeakers & amplification
Des. : J. Cortes
Year : 1974

A disc, read as the cone of a driver. Two counters and a single channel are cut away; the curve of the disc becomes the outer stems. Suited to badges, dust caps and the face of a cabinet.

Cone — reductions, reversal and second colour

234

Firm : Hellhound Audio
Act. : Loudspeakers & amplification
Des. : J. Cortes
Year : 1974

One H, extruded and drawn as a draughtsman would draw it. The hidden back face, shown dashed, is the second H. Intended for engraved panels, rear plates and technical literature.

Depth — reductions, reversal and second colour

235

Firm : Hellhound Audio
Act. : Loudspeakers & amplification
Des. : J. Cortes
Year : 1974

The angled cut of the old wordmark is moved to the head of the stems. One letter: two ears, or two horns. The hound is implied, never illustrated.

Horned H — reductions, reversal and second colour
